

FITSOL × SMART FREIGHT CENTRE PRESENTS

Logistics Decarbonization Program

Build Your Logistics Decarbonization Roadmap in 20 Hours

Logistics emissions are one of the hardest to measure and reduce. Most organisations understand the problem, but struggle with execution. This cohort is designed to bridge that gap.

COHORT STARTS

June '26

Starts 19 June 2026

FORMAT

20 hrs

10 sessions across 4–5 weeks

SEATS

20

First come, first served

COURSE OVERVIEW

Format	Live Online
Duration	10 Sessions 20 Hours
Timeline	4–5 Weeks
Launch	19 June 2026
Cohort Size	20 Participants
Fee	₹50,000 + GST

WHAT YOU WILL ACHIEVE

- ✓ Build a **practical logistics decarbonization roadmap**
- ✓ Understand **Scope 3 (logistics) emissions measurement**
- ✓ Apply **GLEC + ISO 14083 aligned frameworks**
- ✓ Identify **high-impact reduction opportunities**
- ✓ Translate strategy into **execution-ready plans**
- ✓ Access to **Fitsol's Kyoto Platform and Smart Freight Centre's Academy Courses** — included with every seat

Every participant receives complimentary access to **Kyoto**, Fitsol's carbon reporting and monitoring platform, along with access to the **Smart Freight Centre (SFC) Academy Platform**.

SMART FREIGHT CENTRE ACADEMY

At the Smart Freight Centre Academy, you can explore courses tailored to your needs, whether you're:

- Beginning your decarbonization journey
- Tracking and reporting logistics emissions
- Implementing practical reduction measures

The Academy is dedicated to educating and empowering professionals to achieve zero-emissions freight and logistics. Gain industry-leading insights, build critical capabilities, and drive real change in decarbonizing the logistics sector.
